Running rings around each other, these are the headliners of the circus of stars appearing in the old mill pond in the center of Sandwich. Thanks to the warm weather of this winter, their element is still swimmable and the ducks, geese and swans who are the main attraction put on their act for the passersby who stop to feed them. Sandwich has one the the Cape's most beautiful town centers as the town hall is at the head of this pond that is the centerpiece for the town. Follow the Christopher Wren spire to the show which is in progress year round.

## Legion Donates Flagpole

The flag bearing the Mattapoisett Seal, which has been in the Selectmen's Office for the past two years, now has a new flagpole.

Last Tuesday, Commander Michael Lamoureux and Adjutant Russell Converse of Florence Eastman Post 280, American Legion, presented the Board with a brass flagpole topped with a gold eagle.

Commander Lamoureux said the flagpole is being donated to the Town in appreciation for all the support the Board of Selectmen has given the Post, such as marching in parades and giving their support in many other ways. "We want to show our appreciation," he said.

The Commander noted the flagpole is adjustable from six feet to 10 feet with a removable base making it suitable to carry in parades as well as free-standing in the Town Hall entrance hall.

last Tuesday repeated his opinion several times to Pleasant Street Developer Paul E. Cusson, saying, "I will NOT sign a community-supported application to the State Housing Partnership until you have been to the Conservation Commission for endorsement of your wetlands delineation changes."

The developers are seeking the Board's endorsement and letter of support on its plans for "The Beacon", off Park Street for 34 single-family homes - 12 affordable houses and the remaining 22 houses to be sold at market value. The prices would range from $85,000 for a two-bedroom house and $95,000 for a three-bedroom house in the affordable houses. Mr. Cusson said the plan was accepted recently by the Mattapoisett Housing Opportunity Partnership Committee in a compromise following months of negotiations with his firm, Pleasant Street Development Corporation of New Bedford.

Chairman Hubbard said "I certainly favor affordable housing and I have no problem with the 34-house concept, but I don't feel comfortable signing your application before the Conservation Commission approves it. I don't want to put pressure on the Commission members."

Mr. Cusson responded, saying "We are willing to take the revised plan to the

Commission but don't feel this is an appropriate time of year because of the vegetation to do another wetlands flagging." He noted there was a time concept - "We are on a deadline to file with the state this new plan. Our original concept to the state was for 58 condo units, then we changed to 49 units. The 49-unit one is the plan the state now has under consideration. After a stalemate with the town HOP Committee who supported 30 homes, we agreed on 34 houses."

Mr. Cusson said he still will have to go through the Zoning Board of Appeals for a comprehensive permit. He asked about waiving permits such as building, plumbing and wiring; this would be one way to save money. Selectman Bernard Talty said the fees would total about $8,000. Selectmen agreed to check the request and get back to him with a decision. Selectmen John DeCosta and Talty did agree with Chairman Hubbard's comment on waiting for the Conservation Commission's decision.

Mr. Cusson further explained the houses would be built in three phases, with each phase having some affordable houses and full value sale houses. Of the 12 affordable houses, 10 will be sold through the HOP Program at low interest; the remaining two houses will be given to the local Housing Authority. Of the remaining 22 houses the town will have preference to have some set aside for town employees. The house lots will range from 7,100 square

# ATTENTION CAR THIEF!

You recently stole a 1989 Oldsmobile Cutlass Supreme from Park Motors, Oldsmobile Fairhaven. While we don't condone your actions, you did show some wisdom. You could have chosen any one of a number of other dealers, but you selected us. Obviously, you wanted a good dependable car that could take you far.

In your haste to "Hit the Road" you neglected to receive a year's free supply of gasoline. Everybody taking delivery of a new Cutlass Supreme between now and Feb. 28 receives this supply of gasoline.

This would surely come in handy to a "Man on the Move." We need to send you this credit card entitling you to this free gas. So - will you please send us your forwarding address?

feet to a 90,000 square foot lot, with the average ranging from 15,000 to 43,000 square feet. He noted the 90,000 square foot lot has some wetland on it and the owner would not be able to do anything with it.

At the conclusion of the joint session, Mr. Cusson and his associates went upstairs to the Conservation Commission meeting. Later, Commission member Peter Scott asked Selectmen if the Commission could accept Pleasant Street Developers' offer to pay for a company of the town's choice to walk the wetland area and flag it. Selectmen said they saw no problem with that and agreed tc contact Gulf of Maine who did the previous wetland determination.

In other business, Selectmen:

MET WITH members of the Mattapoisett School Committee, School Superintendent Joan Walsh and Associate Superintendent for Business Andrew J. Santos to discuss the problem of asbestos removal from both Center and Old Hammondtown Schools. Selectmen gave their support for a separate article in the May annual town meeting for funds to pay for asbestos removal, specific amounts to be requested at that time.

Mr. Santos explained they are addressing the environmental problems by assessing the buildings to prioritize just what steps to be taken. He cited cost figures in the approximate range of $74,500 for Center School and $64,800 for Old Hammondtown School. The funds would cover asbestos removal, replacement of walls,

Mr. Santos said some of the ceilings at Old Hammondtown are in good shape. However, an area in the custodial basement room at Center School is in poor condition. There is no danger to students as none of them go in that section of the building.

Mr. Santos said there is no state money available for reimbursement. Chairman Hubbard said he agreed that the cost should be kept down but felt the areas needing attention should be done now and not seal something up there could be trouble with five years down the road.

Selectman DeCosta asked about a training program for the custodial staff. Mr. Santos said, "Yes, there is a people awareness training program for custodial staff at different levels." One level is for those who sand floors and other similar jobs to be made aware of the asbestos problem. The second is a more knowledgeable level where a person can identify asbestos visually and create an operation of maintenance, he explained.

MET WITH several department heads to discuss their budgets for fiscal 1990 for the annual town meeting.

Fire Chief Donald C. Wood, Fire Department was informed the salaries and wages account will be determined after a cost-of-living increase is agreed upon. Selectmen are, however, hopefully seeking a five percent increase for town employees. The

Chief noted the heating fuel account is up because the number of runs are up 40 over 1987, so every time the door is opened, the heat comes on. Also needed, the Chief said, are new safety boots and jackets, some are ripped. "I hope to replace some each year; about 10 were replaced last year." He also requested a new Plymouth County-based radio, as a replacement to the present radio (not county-based).

The Chief said, "The department averages out very very well in responses; in the middle of the day, of call firemen, we get 12 to 16 responses." He added the mutual aid from neighboring towns is very helpful, "we couldn't go it alone."

Paul M. Kelley, Jr., Fire Alarm Superintendent. This department's salaries will be determined later. A $200 increase in supplies to $2,744 will be requested. Selectmen had no problem with the requested budget.

Joseph G. Caton and Linda Caton, husband and wife team as Dog Officers, reported, "We get lots of complaints that we don't patrol enough. This amount was cut last year."

Mr. Caton informed Selectmen he could build a separate dog pen on his property on Brandt Island Road at his own expense

and save the town about $450. per year. He noted the specifications and size conform to SPCA regulations for housing animals.

The dog officer explained the cost savings would result from the town paying him $5. per day per dog as opposed to the $6.50 per dog per day now paid to the New Bedford Animal Rescue League. Also, this would save dog owners the time and expense of driving back and forth to New Bedford to claim their dog, as well as his time and gas spent to take the animals to the Rescue League. Executive Secretary Carol Adams noted the town's contract with the N.B. Rescue League will expire July 1, 1989.

Chairman Hubbard asked Mr. Caton to let the Board know what would change in the budget, then it will have to go to the Finance Committee for recommendation to the town meeting.

A salary increase from $5,641 to $7,000 requested by Mr. and Mrs. Caton will be placed on hold.

Brian Nunes, Shellfish Constable; Chairman Hubbard said the Board is asking everyone to accept a 5 percent increase after a request from the Constable that his salary be increased 10 percent and his deputies 7 percent.

The Constable said he will try again at town meeting for a Capital Outlay for

a new four-wheel drive truck. Voters turned the request down at last year's meeting.

Andrew J. Bobola, Building Inspector. The Inspector recommended rate increases for four inspectors (wire, plumber, gas and assistant building) from their present rate of $9. per inspection to $12. per inspection. He noted there has not been an increase in five years.

In a surprise to the Building Inspector, Selectmen will recommend to the Finance Committee an increase in the hours of the Building Inspector from 35 to 40 hours per week. Chairman Hubbard said Mr. Bobola spends many extra hours at Board of Appeals' hearings, especially when a lengthy case such as Stratton Finishing takes much of his time. Mr. Bobola said since his appointment two years ago he has put in 45 to 48 hours per week many times. This increase in hours would increase his salary proportionately. Selectmen also agreed the inspector should receive an increase in his mileage rate, which is currently 21 cents per mile, to at least 25 cents per mile.

Selectmen complimented Mr. Bobola for the great job he has done the past two years and said they have no problem with his budget recommendations.

On a similar matter regarding the Building Inspector, Selectmen received a copy of a letter sent to instructors at Old Colony Regional Vocational-Technical High School from the Building Inspector in which he

thanked them for allowing him to participate in the judging of the Annual VICA Awards at the school (Vocational Industrial Clubs of America is an international organization which provides opportunities for students throughout the United States to compare their skills.) Junior and Senior high students were judged in the carpentry skills.

Inspector Bobola said, "It was a proud feeling to see the quality of education involved at your school, because each of the individuals competing were obviously well taught in the aspects of dress, handling of tools, ability to read and understand blueprints, and the pride they took in completely building a gable end well, with nothing but hand tools, in a specified amount of time. This type of professionalism also carries forth into the culinary arts section, for their luncheon meal and service was also excellent."

## Open-Space Zoning

UNDERSTANDING THE OPTIONS

The Mattapoisett Land Trust, the Sippican Lands Trust and the Marion/Mattapoisett/Rochester Area League of Women Voters are jointly sponsoring a dual-screen presentation entitled OPEN SPACE (CLUSTER ZONING): AN EFFECTIVE WAY TO RETAIN RURAL CHARACTER. Randall Arendt, Associate Director of the Center for Rural Massachusetts at the University of Massachusetts at Amherst, will discuss four important parts of a creative zoning plan - cluster zoning, site-plan review, commercial roadside development and shore-land zoning. Mr. Arendt's talk on alternative approaches to conventional suburban development will be followed by a question and answer period.

## Special Town Meeting New Date Feb. 14

ANNOUNCEMENT of a change of date for the Special Town Meeting to Tuesday, February 14th, at 7:30 p.m. in the Old Rochester Regional High School auditorium. (It was previously scheduled for Wednesday, February 15th).

Because Moderator R. William Blasdale was unavailable for the February 15 date, Selectmen have re-scheduled the special town meeting for Tuesday, February 14, and have cancelled their regular Selectmen's meeting that evening.

There will be three articles on the warrant - to take a vote on the acceptance of donations from the Keller Company relating to water and sewer extensions to the proposed development on Brandt Island Road for a golf course and house lots.

All articles are being placed by the Water/ Sewer Commissioners and the Board of Selectmen. Both Boards are recommending the passage of the articles.

The first seeks permission to authorize the Water/Sewer Commissioners to plan and construct an extension of the town water lines, beginning at Park Street and ending at the southerly end of Brandt Island Road at or near its intersection with Brant Beach Avenue. The line to follow the old Railroad bed to Brandt Island Road and then southerly on Brandt Island Road; and to see if the town will vote to accept a gift of money to be donated to the town to defray all or a portion of the cost of the planning, engineering and construction of the water line extension, the gift to be on the terms and conditions as the Commissioners and Selectmen shall deem to be in the best interest of the town.

The second article asks voters to accept a gift of money to defray a portion of the cost of Mattapoisett's share of the cost of the Fairhaven Sewer Treatment Plant expansion.

The third article will ask voters to accept and act on a Water Sewer expansion report or recommendation of the Commissioners with regard to the treatment plant expansion/renovation including the increase in reserve capacity; and the extension of the water lines to Brandt Island Road and the future commitment and/or guarantee of water and sewage capacity to facilitate the sound development of the so-

COMPUTERS SUBJECT OF PROGRAM

Embarrassed that first graders are more computer-literate than you?

Curious about what children are learning about computers at Center and Old Hammondtown Schools?

Do you, too, wish you knew the difference between software and hardware?

At the next meeting of the Mattapoisett Parent-Teachers' Club, on February 9th, Mr. William Spark, computer teacher at Center and Old Hammondtown Schools, will provide some of the answers. Beginning at 7:30 at Old Hammondtown School, Shaw Street, he will outline his computer curriculum and then move everyone to his computer room for some hands-on experience. Everyone is invited to attend.

If there is enough enthusiasm Mr. Spark will approach the School Committee for permission to teach a computer course for interested parents and community members.

Preceding this, at 6:30 p.m., there will

## Letter to the Editor

I'm writing this letter after reading your February 1st cover story. Although I must admit that the pictures upset me, as no one likes the look of garbage in the woods. What was more disturbing to me was the manner in which Mrs. deConnick linked thoughtless actions such as illegal dumping and poaching to the word sportsmen. Having been a sportsman for quite a few years and also a member of the Fin, Fur and Feather Club, I found it personally upsetting that she could callously imply that such things could be done by sportsmen. True sportsmen do not "hunt year-round" or "leave fallen bodies where they drop them". In fact, sportsmen who harvest deer, for various reasons like consumption, do so in a very small and stringent time frame that is consistent with Massachusetts Game Laws.

Poachers on the other hand have no regard for laws and regulations pertaining to hunting and game management and therefore commit crimes against both sportsmen and urban moralists alike. This year-round poaching thoughtlessly decimates deer herds and in the process brings a bad name to law abiding hunters as well.

These criminals should be the target of such articles not sportsmen who are just as outraged when any type of abuse of nature takes place.

As far as illegal dumping is concerned I'm not trying to justify such atrocities as we saw on your cover, but I don't believe that hunters stop to dump the morning garbage out on their way into the woods. Instead I contend that a very stupid and uncaring few are the cause of our problem, and through proper policing and community watchdogging these midnight dumpers might be deterred. Also, more events such as the Mattapoisett River clean-up day, an annual F.F.F. event, might help to clean up some of the mess. Only by sportsmen and nature activists working together will we be able to curb this harmful trend and possibly preserve our forests for all to enjoy.

## Mattapoisett Council on Aging

SENIORS!

The Mattapoisett Council on Aging has a few tips on how you can protect yourself and make your neighborhood a better place to live.

1. Work out a buddy system with your neighbors to check on each other daily and travel together to the bank and shopping.

2. Watch out for cons! Check with your neighbors or the police about any proposal that sounds too good to be true. If you think you've been conned, call the police.

3. Help out to make your neighborhood safer. Join a Neighborhood Watch to keep an eye out for unusual activity in your community. When something seems unusual to you notify your police department.

4. Do not open the door to unexpected visitors if you do not know them. This certainly applies to unexpected delivery persons.

5. Secure all means of entry, including

conjunction with the National Women in Sports Day proclaimed by the Congress of the United States. The celebration was held at the State House in Boston concurrent with the ceremony in Washington, D.C.

Edlyn Engle and Nicole Mott have been selected to represent all the female athletes in the Old Rochester District. They are fine examples of well-rounded individuals who are very active in many programs and activities. Edlyn is a member of the Girls' Track Team, Basketball Team and Volleyball Team. Nicole is a member of the Girls' Track Team and the Basketball Team.

Edlyn Engle is the daughter of Jon and Verdery Engle of Marion. Nicole Mott is the daughter of Kathy Hunt of Marion and Richard Mott of West Wareham.

The program was held on February 2nd with presentations of the awards being made by notable National Female Athletes. A reception for the athletes and their parents concluded the program.

Mr. Joao Rodrigues, Athletic Director for Old Rochester, accompanied the athletes and families to Boston.

The communities of Mattapoisett, Marion and Rochester should be very proud of these two young ladies.

## ORR Science Team

FIRST SCIENCE OLYMPIAD

What do paper airplane throwing contests, the periodic table, basketball dribbling races, and motorized Grade A egg carrying vehicles all have in common? Well, that's what the new ORR Science Team found at the recent Science Olympiad held at Norton High School on December 14th. The team, led by Dr. Vaughan and Dr. Hamer, had a great time competing in the three main events held at the contest: the Pentathlon, the Periodic Table Quiz, and the Egg Transport Race.

ORR had two squads in the first event,

the Pentathlon. The team of Pat Wetmore, Laurie Nye, and Naomi and Joe Souza placed first overall and the action went somewhat like this: Pat quickly constructed a paper airplane, threw it, answered a physics question, and handed off to Laurie. Laurie carried an egg on a spoon to the environmental science table where she answered her question and handed off to Naomi who jumped rope, answered an earth-space question, and handed off to her brother Joe, who finished the race by stuffing a balloon in a basket with a racket and answering a Chemistry question. The second squad of Aaron Silva, Jen Arruda, Chris Verni, and Marc Poyant also did great with a sixth place finish.

ORR also found success in the second event, the Periodic Table Quiz. Again, two squads competed. The first team, Lauri Lizotte and Jim Bellefeuille, placed fourth overall and the second squad of Jim Lima and Andy McGregor placed third.

The last event of the Egg Transport Race was a little bit of disaster for ORR. The pit crew of Caryn Hodges and Brian Gallant couldn't get the team's highly experimental vehicle to finish the course and it's back in the lab being worked on.

ARTICLE 2: ACCEPT GIFT OF MONEY FOR SEWER TREATMENT PLANT EXPANSION: To see if the Town will vote to authorize the Water/Sewer Commissioners to accept a gift of money to defray a portion of Mattapoisett's share of the cost of the Fairhaven Sewer Treatment Plant Expansion-renovation including the cost of any additional reserve capacity, said gift to be on such terms and conditions as the Water/Sewer Commissioners and the Board of Selectmen acting jointly shall determine to be in the best interest of the Town, or take any other action thereon.

WATER/SEWER COMMISSIONERS - BOARD OF SELECTMEN

ARTICLE 3: WATER/SEWER EXPANSION REPORT: To see if the Town will vote to receive and act on any report or recommendation of the Water/Sewer Commissioners with regard to the Fairhaven Sewage Treatment Plant Expansion-renovation including the increase in reserve capacity; and the extension of the water lines to Brandt Island Road and the future commitment and/or guarantee of water and sewage capacity to facilitate the sound development of the so-called "Nunes Farm", or take any other action thereon.

WATER/SEWER COMMISSIONERS - BOARD OF SELECTMEN

You are directed to serve this Warrant by Posting-up attested copies at the several places designated in the Town By-Laws, fourteen days at least before the day appointed for said Meeting aforesaid.

Given under our hands this 30th day of January, in the year One Thousand Nine Hundred and Eighty-nine.

s/ John N. Decosta
BOARD OF SELECTMEN

I, Lois K. Ennis, being a duly appointed Constable of the Town of Mattapoisett, in the County of Plymouth, hereby make affidavit that legal notice of the meeting called under this Warrant has been served on the voters of said Town of Mattapoisett by posting attested copies of this Warrant in two public places within said Town on January 30, 1989, in accordance with Section 10 of Chapter 39 of the General Laws of Massachusetts.

Lois K. Ennis
CONSTABLE

This performance culminated a busy January for the debaters. In the Tabor Invitational, Finkelstein came in second place in the Lincoln-Douglas Division, with a 3-1 record, and a one point loss to the day's only undefeated performer from Lexington High. Schwartz and Jack Lewin '90 tied for 3rd in the Novice Policy competition.

At the Holy Cross College Invitational Finkelstein and Campbell missed qualifying for the octafinals by one ballot in a competition dominated by the strongest school in the country, Regis High of New York.

February looms as active, with South Shore Debate League activity scheduled for February 2 at Norton High School, Nation-

defects in roads, no traffic control present, with another vehicle in traffic, most accidents occur in March, most accidents either on Thursday or Saturday, most accidents occur at approximately 11:00 a.m.

Most operators were cited for operating so as to endanger. Most accidents happened on: Barstow Street, 5; Beacon Street, 4; County Road (Route 6), 18; Fairhaven Road (Route 6), 26; Marion Road (Route 6), 11; North Street, 10; I 195, 15.

These statistics show, like in the past years, that drivers must pay more attention to the operation of their vehicles. Failing to stop at stop signs and red traffic lights are also a major cause of accidents.

The Police Department recommends that for the safety of our children and parents, please drive with care.

eye talk

**Q.** **I just got a job in a chemical plant but I've been told I can't wear my contacts because the fumes may damage them. Is that true?**

**A.** No. Contact lenses can be worn safely in eye hazardous jobs, if the proper eye safety equipment is worn over them. Nor can chemical fumes damage the tough plastic out of which contact lenses are made.

Occasionally, eyes will water excessively during exposure to chemical fumes. That could interfere with your ability to see whether or not you wear contacts. Your optometrist can evaluate whether or not that would be a problem for you.

People who work around welding arcs and electrical sparks also can wear contacts under their eye safety equipment. Reports of welding arcs or electrical sparks fusing a contact lens on the eye are false.

If you habitually wear contact lenses, you will see better on the job with them than with eyeglasses. Every effort should be made, therefore, to enable you to wear them safely while you work.

view them. Come join this fun learning adventure on one of the five scheduled trips this year. On our previous two watches we have seen over 100 seals each time.

Our next two trips are scheduled for February 18th and March 4th. Participants will meet at Pier 3 in New Bedford at 9:30 a.m. and will return at approximately 4 p.m.

While aboard the heated cabin in the M/V Alert, Lloyd Center Senior Instructor Mary Beth Bishop and Naturalist Bob Maker will talk about the behavior, breeding biology, anatomy and physiology of these winter visitors. Participants will also learn about and watch sea birds and explore the natural and human history of Cuttyhunk Island.

Pre-registration for this naturalist's paradise trip is required and the fee of $30. for Lloyd center members and $40. for non-members due upon registration. This fee includes a natural history interpretation, transportation aboard the Alert and hot drinks. Cancellation 10 days prior to the trip is refundable and if the trip is cancelled because of inclement weather, it will be held on a scheduled rain date. Don't miss the chance to view these beautiful animals. They won't be around again until next year. To register or for more information call 990-0505.

During late February owls will be setting up nesting territories. At this time of year they respond quickly to the call of another owl in their territory. Using our knowledge of local owls, and pre-recorded owl calls, we have seen owls every year of our prowls. Come join us for a glimpse of these silent night flyers. Both prowls in the past have filled up fast, so call the Lloyd Center at 990-0505 to make your reservations. The members only prowl will feature breakfast following the prowl and includes an option of bringing a sleeping bag for an evening sleep-over before the event. Coffee and doughnuts will be served after the second prowl.

the father's will, he appeared in South Dartmouth, Massachusetts in 1815 and was apprenticed to a local shipbuilder and learned the shipwright's trade. By 1831 Mashow was building vessels on his own, and over the next 20 years he built 25 schooners, 2 sloops, a ship, a bark, and a brig. In 1857 Mashow joined in partnership with Alonzo Matthews in the firm of Matthews, Mashow and Co., which during the decade of the 1850s built 14 whaleships for the New Bedford and Dartmouth fleets.

This exhibit will feature half-models which Mashow carved as design models before constructing his vessels. Paintings, photographs, documents, and shipwrights' tools will also be on view, together with material relating to Mashow's most famous vessels, including the Barks A.R. Tucker, Morning Star, Tropic Bird and Ship Jireh Swift.

Lenders to the exhibition include the Smithsonian Institution, the Cape Cod National Seashore, and private collections.

19th CENTURY SEMINAR

Washington's Birthday, February 20th, will be celebrated at The New Bedford Glass Museum with a one-day seminar on "Glass and Decoration in the 19th Century".

The seminar begins at 10:00 a.m. with a lecture by Maximilian Ferro on "American Interiors in the 19th Century". Mr. Ferro's topics will range from decorative elements, such as trends in wallpaper, textiles and furnishings, to an overall look at the changes in taste and attitude which developed the Victorian mentality.

## From ORR Junior High

Mr. Robert C. Gardner, Principal of Old Rochester Regional Junior High School, announces that second quarter report cards were distributed to all students on February 3rd.

## Nemasket Gallery

OPENING OF NEW EXHIBIT

The Nemasket Gallery is proud to announce the opening of Roger Kizik - Large Works on Friday, February 10th, from 6:00 to 9:00 p.m. The exhibition, sponsored by the New Bedford Arts Lottery Council, features five major works by Mr. Kizik: "Salty Goose", "Only", "Phyllis", "Sleep", and "Filled Black Out Cake".

Roger Kizik - Large Works will, for perhaps the first time, give viewers an opportunity to see Mr. Kizik's enormous, multi-media pieces (which measure between 10' x 17' to 10' x 23') in a large installation gallery. The Nemasket Gallery, the largest exhibition space in southeastern Massachusetts, will allow each piece the major luxury of the space and perspective to be studied and enjoyed as the artist intended.

Roger Kizik, now a resident of New Bedford, has been attracting well-deserved critical acclaim since he graduated from the Massachusetts College of Art in 1972. In both 1977 and 1981 he received Artist's Fellowships from the Massachusetts Council on the Arts and Humanities. In 1982 he received a National Endowment for the Arts Fellowship. He has had solo exhibitions at the Bess Cutler Gallery, New York City, New York, the Stavaridis Gallery, the Stux Gallery, the Helen Shlien Gallery and the Institute of Contemporary Arts, all in Boston. His work has been in major landmark group exhibitions such as the 35th Corcoran Biennial in Washington, D.C.; the 1984 South American Biennial

Peggi Medeiros, Director of the Nemasket Gallery, said, "We are especially grateful to the New Bedford Arts Council and the Massachusetts Arts Lottery for making Roger Kizik - Large Works possible. It is our most ambitious exhibition to date and one of our most eagerly awaited. The Arts Council, through its sponsorship, has made the transportation of Mr. Kizik's works from Boston feasible and aided our installation and lighting costs. We are most appreciative of their help which allows us to bring the best work of an extraordinary and important artist to southeastern Massachusetts for the first time."

The public is cordially invited to the opening of Roger Kizik - Large Works on Friday, February 10th, from 6:00 to 9:00 p.m. In case of a winter storm the opening will be held on Sunday, February 12th, from 1:00 to 4:00 p.m.

Refreshments prepared by the Nemasket Group will be served. The Nemasket Gallery is located at 56 Bridge Street in Fairhaven. There is no charge for admission. Free parking is available in the Ne-

"The program will give students an opportunity to see the professionalism of an artist working in his field", said fine arts professor Kurt Wisneski, who coordinated the event. "Printmaking students especially will be able to learn about the interrelationship of the master printer and the artist."

The public is welcome to attend any of these events. For more information call Wisneski at 997-7831 or the Fine Arts Department at 999-8548.

The two-day program is funded by one of SMU President Dr. John R. Brazil's "Innovation in Teaching" awards.

## From Old Colony

BIGGER ISN'T ALWAYS BETTER

A new computer system has arrived at Old Colony Regional Vocational Technical High School that had people on the Receiving Dock wondering if parts of it were lost during shipment. When the newest computer that IBM is marketing worldwide arrived it was found to be approximately ¼ the size of the current System 36.

Inside however the little model AS400-B20 is a giant. It has 8mb of memory or 16 times the amount of the System

Among the features of this system is a built-in modem, a communication device that will diagnose itself via a phone line, determine if service is needed and initiate a call.

If there is a sudden power loss, a built-in battery backup will allow the central processing unit to continue for a short period of time without damaging the system.

Computer languages in the AS400 are similar to the System 36 but with the addition of a Business Graphics package. Students will have the opportunity to use the latest technology hardware and software when installation is complete. Mr. Phil Hazard of IBM Providence is assisting the instructors during the installation period so that the Data student can switch over and be using this new system by next week.

## O.C. Evening School

An evening school mini-workshop, "Motivation and Then Some", will be held at Old Colony Regional Vocational Technical High School, 476 North Avenue, Rochester from 6:00 - to 8:30 p.m. the first 2 Mondays of each month in March, April, Mary and June.

The purpose and objective is to enhance one's overall self-esteem (self-worth), motivational practices, attitude adjustment, productivity, respect, and discipline in a fun-oriented manner.

Why Motivation and Then Some: Sometimes we all have the will but can't always find the way. We are constantly trying to discover who we are, where we are going, and how best to get there. We sometimes fail to dream great dreams and consequently

PAINTING EXHIBIT

A local artist and several of his students will display a variety of styles and subject matter in painting in an exhibit throughout February at the New Bedford YWCA.

Joseph Alexander, whose own works have earned recognition in numerous local and Boston art competitions, has taught art for the past seven years at the Tifereth Israel Synagogue and at the Marion Art Center. He plans to include three of his own paintings in the exhibit.

"There will be paintings and drawings in different mediums such as acrylics, oils and pastels," Mr. Alexander said.

The exhibit will open on February 11th with a reception from 2 to 4 p.m. with all artists in attendance. The public is invited to view the exhibit at the YWCA, 66 Spring Street, New Bedford.

and Albert defined the Victorian Age for Western Europe and the United States, for more than three generations. Mr. Riley's presentation will shed new light on the myth of Victorian prudery in the matters of a romantic nature--particularly as it concerns the British Queen and her Prince Consort. The presentation will include the display of some rare, antique documentary material on the English royals.

The Valentine's Day talk and tea is offered at the Rotch-Jones-Duff House and Garden Museum, 396 County Street, New Bedford.

Reservations are recommended; the cost is $4. for Rotch-Jones-Duff Museum members, and $5. for the general public.

## SMU Jazz Festival

The Southeastern Massachusetts University Jazz Festival celebrates its tenth year in February with a four-day program featuring the Gary Burton Quintet and Bobby Greene and the Acoustic Jazz Ensemble.

The festival brings together widely-acclaimed jazz performers who have played for years, and younger, aspiring musicians. Several events are open to the public at no charge.

The festival kicks off on February 16th with the traditional high school stage bands' critique session from 9:30 a.m. to 2 p.m. in the College of Visual and Performing Arts recital hall.

Bands from several area high schools are expected to attend the workshop led by trombonist and Berklee College instructor Herb Pomeroy. Each band performs several selections and Pomeroy then critiques their renditions. The program is open to the public at no charge.

The festival continues at 7:30 p.m. February 22nd with the Intercollegiate Jazz Night, in the main auditorium, Campus Center. The concert, free and open to the public, features jazz ensembles from area colleges and universities, including SMU, the University of Rhode Island, Providence College and Rhode Island College.

At 12:30 p.m. February 23rd Bobby Greene and the Acoustic Jazz Ensemble will give a lecture recital in the recital hall of the College of Visual and Performing Arts.

Greene is well-known throughout the region for his saxophone talents. A member of the faculty at SMU and the New England Conservatory, Greene introduced his "Ode to MLK" at the January 16th ceremony in New Bedford commemorating Martin Luther King Jr.

Greene and the Ensemble will discuss

The festival closes with the widely-acclaimed Gary Burton Quintet, performing at 8 p.m. February 24th in the main auditorium, Campus Center.

Burton, known best as a vibraharpist, is respected by jazz lovers throughout the world. He began his career in 1960 at age 17 as a guitarist, and since then has released more than 25 albums and won several Grammy awards. He is the author of The Musician's Guide to the Road, and is a teacher at Berklee College.

Tickets are $7.50 for the general public, $5. for SMU staff and alumni and senior citizens, and free for SMU students with ID cards. Tickets are available at the Campus Center ticket window and will also be sold the night of the performance.

Sponsors of the Jazz Festival are the SMU Music Guild and the Alumni Association. For further information call 999-8568.

Each era of entertainment features performers who go down in the annals of show business as "All Time Greats". Some of the most memorable stars from the Big Band Era have been brought together in the Big Band Classic. The Big Band Classic is a salute to the biggest of the "Big Bands"--Harry James, Benny Goodman and Tommy Dorsey, three of the greatest bandleaders of all time.

## National Theatre of the Deaf

TO PRESENT "KING OF HEARTS"

The National Theatre of the Deaf will present the bold and romantic comedy, "King of Hearts", at the Zeiterion Theatre on Saturday, February 11th, at 8:00 p.m. The play will be presented in the National Theatre of the Deaf's award-wining style, a combination of sign language and the spoken word, which has been likened by critics to "sculpture in the air".

Tickets are priced at $15.50, $13.50 and $11.50 with a $2.00 discount for senior citizens and students. Tickets are available at all Ticketmaster locations or by calling Ticketmaster at (617) 787-8000. For more information on tickets and group packages call the Zeiterion Box Office at 994-2900.

Their production is based on the French film of the same name by Philippe deBroca, released in the United States in 1967. The film, which starred Alan Bates and Genevieve Bujold, has become a cult classic, returning often for long runs at movie houses across the country.

War I in a French town booby-trapped by the German army. An allied soldier, drafted to find the bombs, doesn't realize that everyone, from the bishop to the madam, are really the lighthearted and lightheaded inhabitants escaped from the local looney bin. By the time he learns the truth, he's been charmed by these endearing clowns who crown him their "king of hearts" and he has found love, madness and sanity, all in one day.

The National Theatre of the Deaf's production of "King of Hearts" has taken core ideas and the theme from the film to create a beguiling work for the stage, in some cases incorporating images and themes from other sources to build a comic and touching play. "We're not doing the movie, we're doing the story," explains Founder and Artistic Director David Hays, who with the play's director, J. Ranelli, has adapted the script for stage.

The National Theatre of the Deaf has a two-decade tradition of developing distinctive works for the stage and other media, with such works as Gertrude Stein's opera, "Four Saints in Three Acts", E.B. White's essay, "Farewell My Lovely!" and Carson McCullers' classic novel, "The Heart is a Lonely Hunter".

The National Theatre of the Deaf is the only professional theatre company in America to have performed in all 50 states. The Company has given over 5,000 performances in 26 countries. In 1986 the
